AVENTICS Series AS5 Air Preparation Units

The AVENTICS Series AS5 is a modular, versatile maintenance unit for universal application. This Series offers compact dimensions, is highly efficient, lightweight and easy-to-use. The AVENTICS Series AS guarantees reliability, safety, and efficiency with a simplified assembly and maintenance efforts.

Air preparation unit, 2-part, Series AS5-ACC

R412027676

Material

Pressure supply	single
Mounting orientation	vertical
Regulator type	Diaphragm-type pressure regulator
Regulator function	with relieving air exhaust
Max. Internal air consumption	1.5 l/min
Filter element	exchangeable
Filter reservoir volume	87 cm ³
Max. achievable compressed air class acc. to ISO 8573-1:2010	6 : 7 : -
Medium	Compressed air
	Neutral gases
Weight	2.79 kg

Housing material	Polyamide
Seal material	Acrylonitrile butadiene rubber
Material front plate	Acrylonitrile butadiene styrene
Material threaded bushing	Die cast zinc
Material reservoir	Polycarbonate
Material protective guard	Polyamide
Material filter insert	Polyethylene
Part No.	R412027676

Technical information

The pressure dew point must be at least 15 °C less than ambient and medium temperature and may not exceed 3 °C.

Note: Polycarbonate reservoirs are susceptible to solvents, supplementary information can be found at "Customer information".

Nominal flow Qn with secondary pressure p2 = 6 bar at $\Delta p = 1$ bar

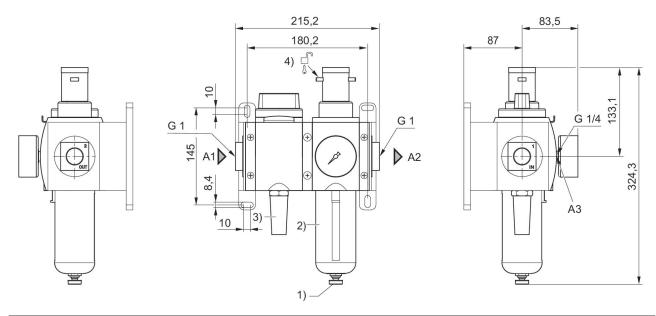

A change in the flow direction (from air supply on the left to air supply on the right) occurs by rotating installation by 180° about the vertical axis. Please see the operating instructions for further details.

Also suitable for separation of fluid oil or water due to the design.

Air preparation unit, 2-part, Series AS5-ACC

R412027676

Dimensions in mm

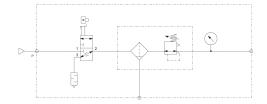

A1 = input

A2 = output

- A3 = pressure gauge connection
- 1) Semi-automatic condensate drain
- 2) Plastic reservoir and protective guard with window
- 3) Silencer
- 4) Mounting option for padlocks, max. shackle Ø 8
