#### **Series AS5**

The AVENTICS Series AS5 is a modular, versatile maintenance unit for universal application. This Series offers compact dimensions, is highly efficient, lightweight and easy-to-use. The AVENTICS Series AS guarantees reliability, safety, and efficiency with a simplified assembly and maintenance efforts.

#### Technical data

Industry Industrial
Parts Microfilter

Reservoir reservoir, metal, with inspection glass

Port G 1 Filter porosity 0.01

Filter porosity 0.01  $\mu m$ Nominal flow Qn 1600 I/min

Condensate drain semi-automatic, open without pressure

Min. working pressure0 barMax. working pressure16 barMin. ambient temperature-10 °C

Max. ambient temperature 50 °C

Medium Compressed air Neutral gases

Max. achievable compressed air class acc. to 1:-:2

ISO 8573-1:2010

Filter reservoir volume 87 cm<sup>3</sup>

Filter element exchangeable

inter element exchangeable

Recommended pre-filtering 0.3 μm Weight 1.48 kg

contamination display integrated

# Microfilter, Series AS5-FLC

2024-03-20

R412009069

inspection glass with window Mounting orientation vertical

Type Can be assembled into blocks

#### Material

Housing material Polyamide

Material front plate Acrylonitrile butadiene styrene
Seal material Acrylonitrile butadiene rubber

Material threaded bushing Die cast zinc Material reservoir Die cast zinc

Material filter insert Borosilicate glass fiber

Part No. R412009069

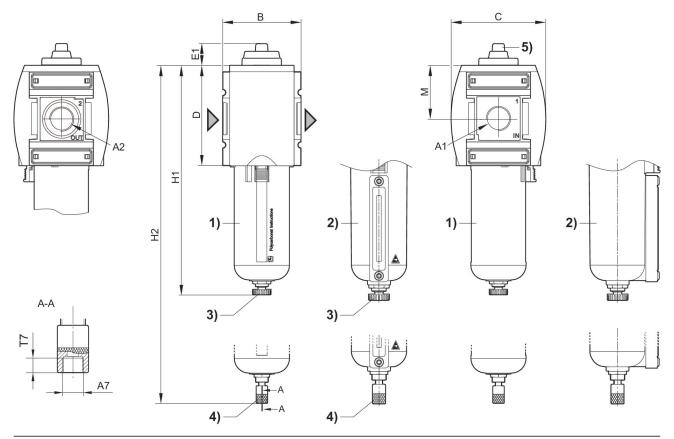

#### Technical information

The pressure dew point must be at least 15 °C less than ambient and medium temperature and may not exceed 3 °C.

Note: Polycarbonate reservoirs are susceptible to solvents, supplementary information can be found at "Customer information".

A change in the flow direction (from air supply on the left to air supply on the right) occurs by rotating installation by 180° about the vertical axis. Please see the operating instructions for further details.

# **Dimensions**

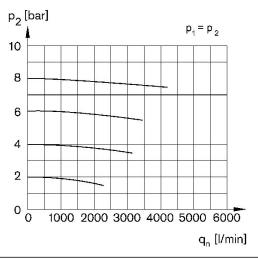

- A1 = input A2 = output
- A7 = condensate drain
- 1) Plastic reservoir and protective guard with window
- 2) Metal reservoir with level indicator
- 3) Semi-automatic condensate drain
- 4) Fully automatic condensate drain
  5) contamination display
