

Tie rod cylinder, CNOMO NFE 49-001, Series C12P

R422715115

General series information
AVENTICS Series C12P Tie rod cylinders

- The AVENTICS Series C12P is a cylinder Series according the standard CNOMO NFE 49-001 and offer a replacement for existing application.

Technical data

Industry	Industrial
Standards	CNOMO / NFE 49-001
Piston Ø	100 mm
Stroke	100 mm
Ports	G 1/2
Functional principle	Double-acting
Cushioning	Pneumatic adjustable cushioning
Magnetic piston	Piston with magnet
Environmental requirements	Industry standard
Piston rod	single
Cylinder special features	with trunnion mounting
Scraper	Standard Industry Scraper

Pressure for determining piston forces	6,3 bar
Retracting piston force	4503 N
Extracting piston force	4948 N
Min. ambient temperature	-20 °C
Max. ambient temperature	80 °C
Working pressure min.	2 bar
Working pressure max	10 bar
Piston rod thread	M27x2
Weight 0 mm stroke	4.2 kg
Weight +10 mm stroke	0.183 kg
Stroke max.	2600 mm
Medium	Compressed air
Min. medium temperature	-20 °C
Max. medium temperature	80 °C
Max. particle size	50 µm
Oil content of compressed air min.	0 mg/m ³
Oil content of compressed air max.	5 mg/m ³

Material

Piston rod	Stainless Steel
Material tie-rod	Stainless Steel
Seal material	Polyurethane
Material, front cover	Aluminum
Cylinder tube	Aluminum
End cover	Aluminum
Nut for piston rod	Steel, chrome-plated
Part No.	R422715115

Technical information

Optional heat-resistant variants are suitable for applications at temperatures up to [[120]°C] and do not have a magnetic piston.

You will find the order key and all valid configurations (customer information) in the Media Centre.

The pressure dew point must be at least 15 °C less than ambient and medium temperature and may not exceed 3 °C.

The oil content of compressed air must remain constant during the life cycle.

Use only the approved oils from AVENTICS. Further information can be found in the "Technical information" document (available in <https://www.emerson.com/en-us/support>).

Dimensions

1) Flow control screw
S=stroke
