3/2-directional valve, Series A-Pilotair®

R431004997

General series information AVENTICS Series A-Pilotair Directional valves

manually operated

Technical data

Industry Industrial
Type 2-HA-1L
Activation Manual
Nominal flow Qn 1308.72 I/min

Compressed air connection output Ø 1/4"

Working pressure min. 0 bar

Working pressure max 13.7 bar

Sealing principle Soft Seal

Type Poppet valve

Type Poppet va
Type With latch
Version 2-HA-1L
Control pressure min. 0 bar
Control pressure max. 17.3 bar
Min. ambient temperature -40 °C
Max. ambient temperature 71 °C

Min. medium temperature -40 °C Max. medium temperature 71 °C

Medium Compressed air

Oil content of compressed air min. 0 mg/m^3 Oil content of compressed air max. 1 mg/m^3 Max. particle size $50 \mu\text{m}$

Compressed air connection input Ø 1/4"
Weight 0.68 kg

Housing material Die-cast aluminum

Surface front cover chromated
Part No. R431004997

Technical information

The model 2-HA-1 valve is a panel mounted, handle operated 3-way valve with 1/4" NPT inlet and outlet ports. It contains a spring opposed detent cam to hold the handle in either of its two extreme positions.

The 2-HA-1L model is with an additional external handle latch which requires manual release to insure against unintentional operation.

The min. control pressure must be adhered to, since otherwise faulty switching and valve failure may result!

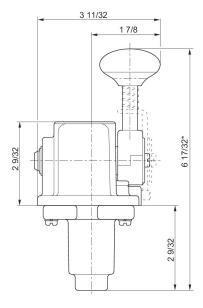

The pressure dew point must be at least 15 °C less than ambient and medium temperature and may not exceed 3 °C.

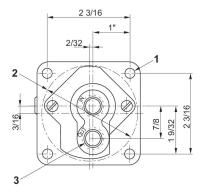

The oil content of compressed air must remain constant during the life cycle.

Use only the approved oils from AVENTICS. Further information can be found in the "Technical information" document (available in https://www.emerson.com/en-us/support).

Dimensions in inches

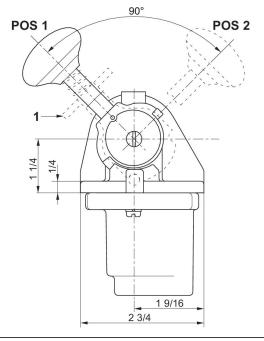

^{9/32} diameter (4) places 1) Mounting hole Ø2 9/16 *Also available with handle 2" longer

Handle position

1) Optional Handle Latch

Handle position

Handle position	
Out Port Supplied	Х

X denotes port supplied in that position. Empty block denotes port exhausted in that position.
