General operating condition

| Feature                                      | Value                                                                        |
|----------------------------------------------|------------------------------------------------------------------------------|
| Complete stroke                              | 41 mm                                                                        |
| Piston diameter                              | 50 mm                                                                        |
| Piston rod thread                            | M10                                                                          |
| Clamping stroke                              | 20 mm                                                                        |
| Cushioning                                   | Elastic cushioning rings/pads at both ends                                   |
| Mounting position                            | Any                                                                          |
| Structural design                            | Piston<br>Piston rod<br>Cylinder barrel                                      |
| Position sensing                             | For proximity sensor                                                         |
| Swivel direction                             | Straight                                                                     |
| Symbol                                       | 00991217                                                                     |
| Variants                                     | Weld spatter protection<br>Dust protection                                   |
| Operating pressure                           | 2 bar 10 bar                                                                 |
| Mode of operation                            | Double-acting                                                                |
| Operating medium                             | Compressed air as per ISO 8573-1:2010 [7:4:4]                                |
| Information on operating and pilot media     | Operation with oil lubrication possible (required for further use)           |
| Corrosion resistance class (CRC)             | 2 - Moderate corrosion stress                                                |
| LABS (PWIS) conformity                       | VDMA24364-B2-L                                                               |
| Ambient temperature                          | -10 °C 80 °C                                                                 |
| Effective clamping force at 2 bar            | 271 N                                                                        |
| Effective clamping force at 4 bar            | 508 N                                                                        |
| Effective clamping force at 6 bar            | 716 N                                                                        |
| Max. clamping finger screw tightening torque | 47 Nm                                                                        |
| Theoretical clamping force at 6 bar          | 990 N                                                                        |
| Product weight                               | 1690 g                                                                       |
| Type of mounting                             | Optionally:<br>With through-hole<br>With internal thread<br>With accessories |
| Pneumatic connection                         | G1/8                                                                         |
| Wiper material                               | PPS                                                                          |
| Flange screws material                       | Steel<br>Galvanized                                                          |
| Cover material                               | Wrought aluminum alloy<br>Coated                                             |

| Feature                     | Value                                     |
|-----------------------------|-------------------------------------------|
| Seals material              | NBR<br>TPE-U(PU)                          |
| Housing material            | Wrought aluminum alloy<br>Smooth anodized |
