## Air solenoid valve JMFH-5-1/2-S Part number: 35548

**FESTO** 

General operating condition

## **Data sheet**

| Feature                                  | Value                                                              |
|------------------------------------------|--------------------------------------------------------------------|
| Valve function                           | 5/2, bistable                                                      |
| Actuation type                           | Electrical                                                         |
| Width                                    | 52 mm                                                              |
| Standard nominal flow rate               | 4500 l/min                                                         |
| Pneumatic working port                   | G1/2                                                               |
| Operating voltage                        | Via solenoid coil, to be ordered separately                        |
| Operating pressure                       | 0 MPa 0.8 MPa                                                      |
| Operating pressure                       | 0 bar 8 bar                                                        |
| Structural design                        | Plate seat                                                         |
| Certification                            | c UL us - Recognized (OL)                                          |
| Degree of protection                     | IP65                                                               |
| Nominal width                            | 14 mm                                                              |
| Width dimension                          | 69 mm                                                              |
| Exhaust air function                     | With flow control option                                           |
| Sealing principle                        | Soft                                                               |
| Mounting position                        | Any                                                                |
| Manual override                          | Detenting                                                          |
| Type of control                          | Pilot-controlled                                                   |
| Pilot air supply port                    | External                                                           |
| Flow direction                           | Non-reversible                                                     |
| Symbol                                   | 00995755                                                           |
| Lap                                      | Underlap                                                           |
| Pilot pressure MPa                       | 0.05 MPa 0.8 MPa                                                   |
| Pilot pressure                           | 0.5 bar 8 bar                                                      |
| b-value                                  | 0.3                                                                |
| C value                                  | 19.5 l/sbar                                                        |
| Max. switching frequency                 | 25 Hz                                                              |
| Changeover time                          | 20 ms                                                              |
| Max. positive test pulse with 0 signal   | 2200 µs                                                            |
| Max. negative test pulse on 1 signal     | 3700 µs                                                            |
| Coil characteristics                     | See solenoid coil, to be ordered separately                        |
| Operating medium                         | Compressed air as per ISO 8573-1:2010 [7:4:4]                      |
| Information on operating and pilot media | Operation with oil lubrication possible (required for further use) |
| Corrosion resistance class (CRC)         | 1 - Low corrosion stress                                           |
| LABS (PWIS) conformity                   | VDMA24364-B1/B2-L                                                  |
| Storage temperature                      | -20 °C 60 °C                                                       |

| Feature                     | Value                                                 |
|-----------------------------|-------------------------------------------------------|
| Temperature of medium       | -10 °C 60 °C                                          |
| Pilot medium                | Compressed air as per ISO 8573-1:2010[7:4:4]          |
| Ambient temperature         | -5 °C 40 °C                                           |
| Product weight              | 1210 g                                                |
| Electrical connection       | Via F coil, to be ordered separately                  |
| Type of mounting            | Optionally:<br>On terminal strip<br>With through-hole |
| Auxiliary pilot air port 12 | G1/8                                                  |
| Auxiliary pilot air port 14 | G1/8                                                  |
| Pilot exhaust air port 82   | M5                                                    |
| Pilot exhaust air port 84   | M5                                                    |
| Pilot air port 12           | G1/8                                                  |
| Pneumatic connection 1      | G1/2                                                  |
| Pneumatic connection 2      | G1/2                                                  |
| Pneumatic connection 3      | G1/2                                                  |
| Pneumatic connection 4      | G1/2                                                  |
| Pneumatic connection 5      | G1/2                                                  |
| Note on materials           | RoHS-compliant                                        |
| Seals material              | NBR<br>TPE-U(PU)                                      |
| Housing material            | Die-cast aluminum                                     |
