

STE-0804-GPC

Field-wireable connectors

SICK
Sensor Intelligence.

Illustration may differ

Ordering information

Type	Part no.
STE-0804-GPC	6042091

Please consider the operational voltage of the connector. For sensors with an integrated cable and flying leads the operational voltage of the connector can be lower than the operational voltage of the sensor.

Detailed technical data

Technical specifications

Connection type head A	Male connector, M8, 4-pin, straight, A-coded
Connection type	Piercecon fast connection
Connector material	PA 66
Connector color	Silver
Locking nut material	Nickel-plated brass
Tightening torque	0.2 Nm
Conductor cross section	0.38 mm ²
Shielding	Unshielded
Reference voltage	≤ 30 V
Current loading	4 A
Enclosure rating	IP68
Operating temperature	Head -25 °C ... +90 °C

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
