## Detailed technical data

### Technical specifications

<b>Accessory group</b>	Actuators
<b>Description</b>	Spring guard control for i16S and i17S; for increasing retaining force at 50 N. Only in combination with rigid actuators.
<b>Suitable for</b>	i16S i17S

### Classifications

<b>ECLASS 5.0</b>	27279290
<b>ECLASS 5.1.4</b>	27279290

## Dimensional drawing (Dimensions in mm (inch))

An increase in the locking force to 50 N. Only in connection with rigid actuators.

## SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
